CHAIRMAN'S REPORT

OCTOBER 2016

AMGK Chairman's Report - October 2016

Another great year is now almost over for most of us with just the Annual General Meeting to attend to decide on what we want to do for 2017 and beyond.

Still recovering from the National Fancy Goldfish Open Show here in Telford after a quite intensive week of last minute preparations. Didn't get to see the show myself, all day kitchen duties, for a number of us, became a full-time job!

Thanks and Appreciation

As a Society we are blessed with a large core of members and volunteers who rally to the cause on the day of the Open Show and thanks to those and especially June and Mick, Linda and Gary and Andy who work tirelessly behind the scenes for many weeks before the day to make it happen.

Special thanks go to Linda and Gary who have also continued to provide tea and biscuits at all our meetings as their personal contribution to the running of the society and to Nigel Dudley for taking care of the printing and posting of the Newsletter to those that do not have email, that's a great help Nigel and much appreciated.

An important aspect to their particular committee positions of Secretary and Honorary Treasurer, respectively, is to field all enquiries regarding the club and possible new membership etc., this can be very time consuming, but as the public face of the club and the first contact, it is important and much appreciated. This aspect of their club contribution has been busier than ever this year due to our website. Many thanks are due to June for her ongoing work of the website and the ever improving newsletter.

On behalf of our society and Nationwide Goldfish Societies UK, many thanks to Richard and Abby Rozzotti (NGPS) for the excellent meal they provided for the judges' lunches and also to big Andy (AMGK) for the fantastic afternoon teas provided with homemade scones, cream and specially home grown strawberry jam and to Jan (BAS) for the wonderful but untouched cake – talents that no doubt will be exploited again next year! We'll have to sort out the food provision more carefully next year so as not to waste the delicious cakes and individual's efforts in their provision. Also thanks due to Laurence (AMGK) and Tom (NEGS) for their photographic/film skills.

The Fancy Guppy UK and UK Guppy League

We have received very enthusiastic and positive responses from both our own membership and that of the Fancy Guppy UK to the inclusion of the Guppy League staging of their legs at both our Open Show and the National. A thank you to all our members who made the Guppy exhibitors most welcome on the days in question. Incidentally, some members did not really understand the judging points for the various classes of Guppies, so should we wish to invite them for our shows next year, I'm sure we can rectify this in order to enable more visitors to fully appreciate the high international standard brought to the show by British members.

CHAIRMAN'S REPORT

OCTOBER 2016

New Members

We had new members join us before and also at the National Show, with Jackie Pedley, from Telford who did well with her Panda Moor in the any other variety class and exhibited a fantastically round Pearlscale too – well done Jackie on her first venture in fancy goldfish showing.

To all our recently joined members we wish you continued enjoyment from being a member of our vibrant society and hope that it leads to greater success in your keeping and breeding of fancy goldfish.

Meetings and Open Show

Although I personally had to miss two of our meetings earlier in the year it is understood that all our meetings were extremely well supported with most of our established members together with a number of new members attending and enjoying the fun on the days.

We had our usual table shows with some of the best fish in the country on show, especially the baby fish show in August. Many of these went on to do the breeder's and the club proud in the National Open shows held in the north and South West during August/September. Congratulations to all those that received recognition for their efforts.

Yet again, I received a number of very positive comments from members and visitors alike on how well our Open Show in June was received. It has always been a friendly show, with a good turn-out of exhibitors and plenty of high quality fish for sale at the auction. Unfortunately a number of us were stuck in the canteen all day and did not get a chance to see the exhibits this year. This unfortunate state of affairs will be addressed at the AGM with 'volunteers' for this important aspect of the show being in such numbers that their duties can be arranged in rotas so that everyone gets to see the show at some point throughout the day!

A Tale of Years Gone By continued.....

The **2002** show was a record year with 155 entries but the most pleasing thing was that all of the types of fancy goldfish were represented in their various classes, so that the newcomers to the hobby could view and study, at close hand, fish that they had probably never seen before.

Dean Roberts taking **Best In Show** with a lovely **Oranda.**

CHAIRMAN'S REPORT

OCTOBER 2016

National Fancy Goldfish Open Show

Firstly, some thanks to those that really pulled out all the stops to make the day the fantastic success it was. To Graham Turner who managed to write out all the place cards for all the classes and taking all the entries right up to the last minute. This was the first year that we didn't have to restrict the entries through lack of space. The village hall in Telford was really an ideal venue for a National Show, although it is understood that some folk's Sat Nav thought it was near to Liverpool!
(presumably, most sat navs are made in London!) Sorry to all those from the North East that had to endure an unnecessary detour. Thanks also to June, Mick, Graham, Phil, Andy, Mike and Stan for travelling to Telford on the day before to put up the staging and filling all the tanks ready for the entries that started to arrive 8.30am on the Saturday morning.

Having had the place cards re-designed to last for a few years now and printed prior to the show so that Graham could fill in the classes before the day itself, plus finding a venue suitable to hold an enlarged show and booking it this time last year it seems that it took an age to get the show on the road. Graham did the honours again this year in obtaining sponsorship from both Biffa and Vitalis, thanks a lot Graham – all sponsorship is most welcome. Also thanks to Phil Riley and David Padfield for helping me in the kitchen the whole day sorting out the sausage and bacon baps whilst Richard took all the food orders between sorting out the lasagne for the judges – what a fantastic group effort! We'll have to sort out a proper timed rota for next year so that we can all see the show.

The big disappointment on the day for me was the length of time taken with judging – the doors were supposed to open for visitors by 2.00 to 2.30pm but being closed to around 3.30pm meant that a number of visitors and possible new society members were so disappointed that they went home without seeing the fish. One family, who have a fish breeding business in the far east, was a contact that should have been cultivated for the benefit of us all! Whilst I will bring this subject up at the AGM this must be addressed by all the Nationwide societies before next year. (one of my other hobbies involves the breeding and showing of rare breed fancy poultry – a number of the shows allow public access during judging with visitors, as a courtesy, avoiding judges when actively judging a class). Something to discuss when we have such a large number of well supported classes at the National.

Quick General Notes following the Annual General Meeting

I'm always surprised that we do get so many members attending the AGM, but it is important that folk attend to reflect on the events and successes of the outgoing year and to plan ahead for the next season, with as many people as possible deciding what we can do to keep the interest in our fish keeping hobby. Outlined below are some of the main points discussed and agreed on the day as a reminder before the minutes are published prior to the next AGM and to inform those that could not attend as to what we can expect for next year.

CHAIRMAN'S REPORT

OCTOBER 2016

- AMGK Open Show we will let you know the date as soon as it is confirmed (we are aiming for June 24th 2017).
- National Fancy Goldfish Open Show location is currently under review by all the societies that take part, whilst Telford is the front runner at present we have another venue in Coventry that also looks promising – we'll keep you posted.
- Fancy Guppies UK a letter is to sent to Fancy Guppies UK asking whether they would like to join us again next year at our annual Open Show and the National.
- Meetings – we hope to include topics on live food culture and use, Aqua culture, commercial feeds, Martin's fish establishment, visit to Chairman's establishment and the usual three table shows. Once these are confirmed members will be informed in due course.
- Web site and blog continues to bring results with new interest and increased membership, please if anyone wants to add to either of these please make contact with June, who continues to do such sterling work on our newsletter too.
- With Laurence producing such excellent film coverage of some of our major events we hope to have a complete film record of our society over the years with converted film from the past also added to our electronic library.

Finally, I wish you all a Happy Christmas and a healthy and productive New Year.

Pat Davies
Chairman

A Tale of Years Gone By continued……..

The **2003** show numbers held up well with around the 150 mark, although certain types seemed to lose ground in the popularity stakes with Comets, Metallic Veiltails and Pearlscales having no entries at all and just the one Bubble-Eye on show.

Andrew Barton taking **Best in Show** with his **Metallic Fantail**.

2004 saw us holding our entries steady at 151 exhibits and a pleasing amount of fish in all classes. All the five societies were well represented with **Bob Jones (BAS)** taking **Best in Show** and also a **new award for Best Owner Bred Fish,** with a lovely **Veiltail.**

NORTH EAST GOLDFISH SOCIETY

OPEN SHOW

17th JULY 2016

BEST IN SHOW

Phil Riley with a wonderful Bristol Shubunkin

This year I again made the long trip up to Sunderland for the NEGS Open Show and was not to be disappointed when I got there as the show was a well run event with a warm welcome. The show was sponsored by Star Fisheries and Vitalis, whose products were gratefully received by the exhibitors.

This year the show was won by Phil Riley with a wonderful Bristol Shubunkin. The standard of all the fishes was very high with superb exhibits of Fantails, Moors, Ryukins, Veiltails and Common Goldfish, to mention only a few.

The auction was well supported with some lovely Bristol Shubunkins, London Shubunkins, Ranchu and Fantails on sale. I was lucky enough to acquire some of the Bristol Shubunkins which are now growing on in the pond.

NORTHERN GOLDFISH & PONDKEEPERS SOCIETY

OPEN SHOW

10th SEPTEMBER 2016

The middle of September saw the trip up to the NGPS show in Manchester. Gary & Linda Malpas and myself made the journey together and to make a nice change, I was the passenger and was spoilt by Gary & Linda.

The entries for the show were down on previous years but the quality was not and due to the high standards of the fish, this made for difficult judging. There was also a healthy amount of this year's teams of four along with some individual baby fish.

The BEST IN SHOW was awarded to Gary Malpas who had put on show a wonderful, well balanced and colourful Nacreous Fantail.

A worthy winner!

Andrew Barton

A Tale of Years Gone By continued……..

The **2005** show saw a big jump in numbers to a new record of 178 fish. When you consider that we only had 24 classes in total, with no baby classes, this was an excellent number and reflects well on the standing of AMGK within the hobby. Again all classes were well filled with quality fish.

Ian Mildon taking **Best in Show and Best Owner Bred Fish** with his **Common Goldfish.**

2006 saw a slight drop in numbers but only by a dozen or so – you can't break the record every year! This year the London Shubunkin class was split, with under and over 3'', a long overdue adjustment.

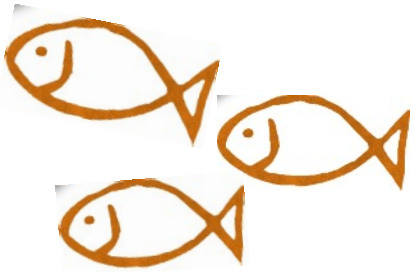
Ian Mildon taking **Best in Show and Best Owner Bred Fish** for the second year running with his **Common Goldfish.**

Gardens, Ponds & Fish Houses.....

I keep my fish in two greenhouses, the first where most are kept is a 6ft x 4ft aluminium one and the second greenhouse is a 10ft x 8ft, part brick and wood.

In my aluminium greenhouse there are 6 fish tanks, 3 x 3ft and 3 x 2ft. The 3 large tanks are filtered using external canister filters and the 3 small have sponge filters in them.

I change the water twice a week on the bigger tanks and three times a week on the smaller tanks.



I only have 3 permanent tanks in my big greenhouse as it is really for plants. I have a passion for semi hardy plants such as brugmansia, so much space is taken up by these. The 3 tanks are 2 x 3ft and 1 x 4ft and these are all sponge filtered and I do a water change three times a week.

In the summer when the plants go out side I do my fish breeding and rearing in there. It gets really hot so hatching brine shrimp and growing fish on is easier.

I also set up temporary tanks and tubs that can then be stored in the winter.

Heather Carrier

AMGK Member

BRISTOL AQUARISTS SOCIETY OPEN SHOW

4th SEPTEMBER 2016

The beginning of September once again saw the annual trip to the much loved Bristol show. A show where we get our first good look at the baby fish that have been produced through the summer by the breeders.

A wonderful display was put on by those breeders, in particular a large class of Bristol Shubunkins, where there were more than 20 high quality exhibits. A real headache for the judge, namely myself!

There were also high quality exhibits of Moors, Fantails and Veils to name but a few. On the whole all of the baby fish were well grown with good colour and condition.

The BEST EXHIBIT IN SHOW was won by Sherridan Moores with a beautiful Metallic Lionhead, which I believe was owner bred.

A well supported show with many adult fish of high quality, combined with a popular auction. With many of the lots reaching good prices for quality surplus fish, it's an auction which brings about a lot of interest.

DIARY DATES 2017

Dates for meetings at Binley Church Hall for 2017

Sunday 12th March - Talk by 'Big Andy' on live food culture. Don't forget that we will be having a 'Christmas' meal (paid for by the club) over the road immediately after the meeting. Could those wanting to go please let Gary and Linda know.

Sunday 7th May - Adult, Prettiest and Bluest/Non Standard Fish Table Show

Sunday 13th August - Baby Fish Table Show (Bred 2017)

Sunday 5th November - A.G.M. & Presentation of Awards

PLEASE SEND YOUR ARTICLES BY EMAIL TO : amgkblog@gmail.com

.....and finally

HO... HO... HO...

MERRY CHRISTMAS EVERYBODY !
